

SITE DESIGN VOLUNTEERS NEEDED

[Moon Festival](#) is on the lookout for volunteer designers to transform ordinary spaces into moon themed wonder nests.

ABOUT MOON FESTIVAL

Moon Festival is a week-long celebration of the moon across disciplines, cultures and time making its debut in Greenwich (London) between July 19-26.

Full programme and info <https://moonfestival.co.uk/events/>

THIS ROLE MAY BE FOR YOU IF

- You care about making SE London a good place to live, work and go out
- You think communities coming together can transform places and you want to see that transformation in action
- You want to make friends with your community and the people you share your area with
- You think the idea of a Moon Festival is bonkers enough for you to get involved in

WHAT WE OFFER

- Community, friendship and wonder making
- Utter commitment to the belief that people coming together can achieve great things
- An opportunity to be part of a unique approach to art and culture
- Excellent connections in the borough INCLUDING local artists and businesses to local theatres and communities.

WHAT WE ASK

- Commitment to the festival and its values
- Design experience
- Resourcefulness: your budget is tighter than tight and the ability to make the best of it is crucial to making this commission a success

Please note: design schools, collectives, universities, individuals, partnerships and anything in between and beyond are all invited to apply.

HOW TO APPLY

You can submit videos, presentations, documents, audio material, you can sing us a song or you can send us a fruit basket. If we're intrigued by what you do we will jump through all sorts of hoops to see it. However please bear this in mind:

- 1) We love beautiful things: submit a Word document with three different fonts and it will put us off. Fact.
- 2) We love meaningful experiences. Your community is in your hands and so is our brand. Show us you've thought about them and about us.

SPACE 1: STREET PARTY | JULY 19 2019

You have £1000 to completely transform General Gordon Square in Woolwich from ordinary site to star filled wonder nest. The event you're creating for is an evening time free street party with music, performance, art and food all themed around the moon.

Budget: £1000

SPACE 2: LATE NIGHT URBAN YOGA + DJS

Picture an ordinary library in Woolwich. Now imagine you can transform it. Strip lighting can be turned off. Furniture can be pushed aside. Books can be used as props. The event you're creating for is a late night urban Yoga session with Gyal Flex, + DJ'ing by Charlie + moon tea by Drury Teas & Coffees and small clusters of people reading to each other.

Budget: £200

SPACE 3: GREENWICH UNIVERSITY | JULY 20 2019

You'll be transforming a 320 seater lecture theatre in which Margaret Atwood is delivering her keynote. This is a beautiful, very modern space and there are a lot of logistical constraints. An interesting and highly prestigious commission.

Budget: £200

DEADLINE: June 7th 2019, 5pm
